

Hi All,

The arrival of the COVID-19 virus in Australia is greatly impacting the lives of all residents. The risk of infection is very high and can occur from many sources including person-to-person and surface contact.

Pursuant to the above event, the Mornington Peninsula Bowls Match Committee and the MPB Board have suspended all pennant matches along with other proposed programs and events until further notice.

As the number of confirmed COVID-19 cases rapidly rises in Australia and across the world, we believe the decision to suspend all pennant matches and other events is an appropriate measure to ensure the safety of the participating members of our member clubs. The health and well being of our participants and members comes first.

This is not a decision that we have taken lightly and we would like to thank everyone for their understanding and patience during this difficult time.

Please be assured that Mornington Peninsula Bowls Inc will continue to monitor the situation and provide further updates over the coming weeks.

regards,

The Mornington Peninsula Bowls Match Committee
