For any disciplinary matters requiring investigation refer to Section 1.3 'Infringements' in this document and Section 2 'Disciplinary Process' in the MPBR Regulations (Oct 2020).

1.2 Laws

The Region Competitions including Pennant are to be conducted in accordance with these Rules for Competition hereinafter referred to as the Laws and Rules except when specifically stated otherwise, and also in accordance with the following:

- Laws of the Sport of Bowls Crystal Mark 3rd edition (v3.2 June 2020) and BA Domestic Regulations (DRs) as published in May 2019;
- Bowls Australia (BA) Policies as found on the BA website and Bowls Victoria (BV) Policies as found on the BV website and BV Regulations (Sep 2020), and MPBR Regulations (Oct 2020).

These Rules for Competition have been drawn up in the spirit of true sportsmanship. So, if a situation arises that is not covered by the laws or these Conditions of Play, players and officials must use their common sense and a spirit of fair play to decide the appropriate course of action.

1.3 Infringements

- 1.3.1 MPBR has the power to discipline MPBR member clubs and Individual Members of those clubs including, but not limited to, a suspension, expulsion and fine in accordance with Section 10 of the MPBR Constitution (July 2020) and Section 2 of the MPBR Regulations (Oct 2020).

The MPBR Board can also investigate and make recommendations to a member club or to BV for a disciplinary procedure to be initiated by the club or BV.

Bowls Victoria independently has the power to discipline Members in accordance with the procedures set down in the Bowls Victoria Regulations (SEP 2020).

Where a matter is referred to a BV Disciplinary Committee then a player, team, side or club is subject to the determinations of that Committee. The BV Disciplinary penalty of a monetary fine and/or disqualification, and/or match points penalty and/or a replay or such other penalty can be employed as it sees fit.

- 1.3.2 Code of Conduct and related disciplinary procedures means those procedures set out in Section 17 of the MPBR Regulations (Oct 2020).

The above mentioned procedures are to read in conjunction with the Bowls Australia MEMBER PROTECTION POLICY VERSION 9 dated July, 2016.

- 1.3.3 If an infringement of a Law or Rule which does not have a penalty included in its statement is established after an appeal by a controlling body, Side Manager, Skip, an Opponent, or the Umpire by observation, a penalty may be applied by the Umpire. If the infringement is not determined to be of a 'serious' nature, the Umpire can warn the Player in the event of the first infringement and apply a penalty for any further infringements.

- 1.3.4 In a Team game a warning to one Member of a Team shall be considered as a warning to all Members of the Team, in a Side game the warning of a Member of the Side shall only apply to the Members of the Team.

1.3.5 Smoking

The MPBR acknowledges the stipulation of member clubs that have introduced a no-smoking covenant covering all areas of their club's facilities including the clubhouse, greens and surrounds and warns players to be cognisant of this rule.

Smoking is only permitted in the designated area as determined by the host club.

Smoking on the green (defined as having a lit cigarette, pipe, cigar, electronic nicotine delivery system (ENDS) including *e-cigs, *e-cigarettes and any other form of smoking device) by a player on the green is not permitted.

A failure to comply can result in the Umpire applying an **Instantaneous Penalty** (Rule 1.5.1 of these Rules for Competition).

7.8.6 If two or more Sides have the same number of points their order will be determined by net margin of shots 'for' minus shots 'against' each Side.

7.8.6.1 if net margins be equal the order will be determined by the higher proportion of 'total shots for' divided by 'total shots against'.

7.8.6.2 if there is still a tie for a position to qualify for Post-sectional play, the Sides concerned will play a deciding match.

7.8.7 **Withdrawals and Walkovers**

For impending withdrawals from scheduled matches the MPBR and the opposing club must immediately be notified of a withdrawal of a team or side, and a walkover will be applied.

Should a club withdraw a Pennant side after the competition draw has been published, financial penalties will also apply.

A club withdrawing a side for the remainder of the season and after the first round of the competition constitutes that a WALKOVER be recorded for opposition sides for future scheduled matches during a pennant season.

7.8.7.1 In the event of a walkover occurring for a scheduled match, a Pennant Check form must be completed by the Side receiving the walkover and sent to the Pennant Recorder on the day of the match. A forfeit or walkover will count as a completed match.

7.8.7.2 The names of the players that would have played in the Side receiving the walkover are to be listed so they may be registered for finals and the Pennant Check Form struck through on the side of the form under the name of the Club giving the walkover with the word "Walkover".

7.8.7.3 The Side receiving the walkover will gain an additional 15 shots and all points available under Rule 7.8.5.1, and the Side giving the walkover will lose 15 shots and all points.
However if the opponent receiving the walkover is ahead in, or has won, the match by more than 15 shots, the shots for the side ahead, and receiving the walkover, will stand but the side giving the walkover will still lose 15 shots.

7.8.7.5 During the season a financial penalty of \$25.00 will be invoked for each of the first and second walkovers given by clubs. For a third walkover a penalty of \$50.00 will apply and subsequent walkovers will attract a penalty of \$100.00 each.

7.8.7.6 A club that withdraws a Pennant side after the competition draw has been published may incur a \$250 fine to remove that side from the competition.

7.9 Division Winners

To determine the respective Division winners the Final series will be conducted as follows:

Home game advantage will be given in first week of finals to teams finishing 1st and 3rd in sectional play

Week 1 - Qualifying Match 1 v 2

7.10 Promotion and Relegation

The method to be used in deciding if a side is eligible for promotion or relegation in Pennant will be subject to the format and divisional play decided each season by the MPBR. Should situations arise which fall outside the rules and regulations, good judgment will apply.

7.10.1 Promotion –

Promotion will be determined following the final series conducted under Rule 7.9 of these Rules for Competition and the order in which sides will be considered for promotion is as follows:-

- (i) Saturday Pennant - To Division 1. Only one club side will be accepted into Division 1. The winning club side in the Division 2 playoff (North v South if required) will be promoted. The playoff is not required if one of the clubs has a side already in Division 1, then the winning Grand Finalist in the other Division 2 will be promoted into Division 1.
- (ii) Midweek Pennant - To Division 1. Only one club side will be accepted into Division 1. The winning Grand Final club side will be promoted from the lower Division 2 unless they already have a team in Division 1 then it would be the Grand Final runner-up side unless they also already have a team in

Division 1 then it would be the Division 2 minor champion that gets promoted.

- (iii) For All Other Divisions - The winning Grand Final club side will be promoted from the lower division, but subject to that club already having a side in the higher division.

7.10.2 **Relegation –**

Relegation will be determined following the season's sectional play and the order in which sides will be considered for relegation is that the bottom side will be relegated from the higher division, but subject to that club already having a side in the lower division.

Rule 8 – SIDES

8.1 Numbers and Composition

A Club can enter any number of Sides up to the maximum number which can be accommodated on the rinks available for its use and:-

- 8.1.1 Sides of a Club will be numbered 1, 2, 3, 4, etc. in **descending order of ability**.
- 8.1.2 Clubs must ensure all their players competing in the Pennant Competition are registered BV Members with playing rights in an appropriate category and recorded on the Club's BowlsLink database and also have paid the players affiliation fee to the MPBR, prior to the commencement of the game.
A breach of this requirement will result in forfeiture of the game to the opponent and/or action being taken under Section 1.3 Infringements.
- 8.1.3 A Club may seek approval from the MPBR Match Committee to combine with another Club or Clubs to enter a side in the lowest Division available. The application must be made by the Club accepting responsibility for the Side and be accompanied by written approval of the other Club or Clubs.
- 8.1.4 Notwithstanding Rule 8.2 of these Rules for Competition, if a Club does not have sufficient Players to form a Side for the Club's lowest division Side, the Side can play with one or more Teams of three Members playing as Lead, Third and Skip respectively in accordance with Law 39.2.3 and DR 2.6.
- 8.1.5 Sides will be filled by available Players in descending order of ability. Subject to Rule 8.1.3 of these Rules for Competition, if there are insufficient Players available to fill all Sides entered by the Club in the Pennant Competition the lowest ability Side will be the Side which forfeits.
A Player will not play in more than one Side in the same round of the same MPBR Pennant Competition except for Saturday '3 a side' Open Pennant where those eligible players who have played on Saturday morning have the option to play in another Saturday Open side later in the day in the same round but need to be eligible to play in the later side in accordance with Clause 8.1.2 of these Rules.
- 8.1.6 Prior to the last three rounds of Sectional play there will be no restriction on the interchange of Players between the Sides of a Club.
- 8.1.7 For the last three rounds of Sectional play, no Side will include more than three players who have played the majority of their games, prior to the third last game, in a higher

division Side or for clubs with sides in the same division, the side assigned a lower number (i.e. higher ability).

- 8.1.8 In any Post-sectional match a Side will not include any Player who, during the current season, has played less than four games for the Club in that actual competition. The Saturday Pennant competition and the Midweek Open Pennant competition and the Midweek Restricted Pennant competition are separate competitions and games played in one competition do not count towards Player eligibility in the other competitions except for the Saturday morning or Tuesday morning '3 a side' competition. (Refer to Rule 7.4 'Divisional Play' of these Rules for Competition)
- 8.1.9 In any Post-sectional match, a Side will not include any Player who, during the current season, has played **more than four** games in a higher division Side or for clubs with sides in the same division, in the side assigned a lower number (i.e. higher ability) unless the Player has also played in **four or more** games in the Side concerned or in a lower division Side or for clubs with sides in the same division, the side assigned a higher number (i.e. lower ability).
- 8.1.10 If any Club is uncertain of having available sufficient Members who are eligible under Rule 8.1.8 of these Rules for Competition, it can apply to the MPBR Match Committee for approval to play other players from the Club, and if approval is granted such players can play in any position other than Skip.

8.2 Substitute Player during the season including finals

8.2.1 If a player becomes unable to play in the match for reasons arising after the commencement of the match, a substitute is permitted in accordance with DR 2.4.

8.2.3 Should a substitute player be available at the venue they may play out of uniform.

8.3 Incomplete Side at commencement of a match

8.3.1 If at the time a match is due to commence a player is absent DR 2.4 & 2.6 will apply.

8.3.2 The Skip of both teams carry the scorecard and updates the score at the completion of each end.

8.3.3 The opponents with a complete team will have their second play consecutive bowls (DR 2.6.1.1, 2.6.1.2 & 2.6.1.3).

8.3.4 If the absent player arrives late, they must take their original place in the team and enter the game at the completion of the end in progress.

8.4 Side Manager

8.4.1 Wherever under any of the Laws, Rules and Regulations a Side Manager is given any right of decision or choice, it will be exercised by the Side Manager who will act **on behalf of the players** in the Side.

8.4.2 The Side Manager shall not be the Umpire for the day.

8.5 Umpire

8.5.1 The Club who is designated as the Home Club should appoint a BA accredited Umpire to officiate.

8.5.2 The appointee will adjudicate play in accordance with all Laws, Rules and Regulations and have authority over all decisions to be made during the match, other than, and subject to the agreement of competing sides, to allow a challenge to the length of ends to be determined by the leads and skips on the rink concerned.

- 8.5.3 If the Home Club does not have an accredited Umpire available then a visiting accredited Umpire may be appointed to officiate. Alternatively, if no accredited Umpire is available then a BA accredited Measurer may be appointed Umpire.
- 8.5.4 If no accredited Umpire or Measurer is available then a competent player from the Home Club should be appointed to act as Umpire for that day.
- 8.5.5 The Umpire of the day must resolve any matter where the Side Managers cannot agree.
- 8.5.6 An Umpires' decision is final and cannot be contested, disregarded or appealed except for matters relating to the meaning and interpretation of a Law.
- 8.5.7 Umpire for the day must not be a Side Manager, Side Captain or Coach for the game they are umpiring.

Rule 9 – MATCHES

9.1 Pre-Match Practice

For a Saturday Pennant game scheduled for commencement at 1.00pm, any visiting Player due to play in that match can practice between 11.15am and 12.15pm on the day of a match at the host club, and must be off the green at 12.15pm (time scheduled for completion of the practice).

There is no restriction placed on the practice start time for the home side, however the players in the home side must also complete their practice at 12.15pm and be off the green.

At least two rinks, preferably adjacent to each other, must be provided, solely for the visiting side for use during the pre-match practice period, on the green being used for the match.

If the green can accommodate both the match day rinks and the pre-match practice rinks, the rinks assigned for all pre-match practice must not be the rinks on which they may be drawn to play or any part of the rinks allocated for the match (including east west or on the pegs if the game was to be played north south & vice versa if game was to be played east west by direction of the Host Club).

However if the green is limited in size to such an extent that it cannot accommodate both the match day rinks and any pre-match practice rinks or if matches are already in progress on the green before the start of a match which is being 'streamed live' or otherwise, DR 1.1.4 can be used for arranging rinks for the pre-match practice.

For matches scheduled for commencement other than 1:00pm on Saturday (e.g. an 'early start' or 'Saturday morning start') any pre-match practice undertaken and completed between one and three quarter hours (1 $\frac{3}{4}$ hrs) and three quarters of an hour (3/4 hr) before the rescheduled commencement time

The rinks to be used during the pre-match practice period by any of the home club players on game day, across all divisions, must not be the rinks provided for the visiting side(s) for their pre-match practice.

The use of any rinks for pre-match practice other than those described above must be amicably agreed to by both sides.

9.2 Timing the Greens

- 9.2.1 Timing of greens is at the discretion of the home club.
Timing of the green is not compulsory, and there is no requirement that the MPBR be informed of the speed of the green on the day of play.
A visiting Club cannot demand that a green be timed.

9.3 Greens and Rinks

9.3.1 Draw for Rinks

The draw for Rinks and Opponents will be conducted by the opposing Managers after the completion of the pre-match practice period and prior to the commencement of trial ends. The cards of one Side will be placed with the players' names face down by the Home Manager and the Visiting Manager will then place a card with the players' names face down on each one of the opposition cards, and the Teams will play as thus drawn. Rink numbers will also be shuffled and placed face down on the cards.

Rinks allocated for Pennant play must be consecutively numbered and where possible played on the one green (splitting up Teams that are part of a Side is not permitted on the same green - i.e. incorrectly allocating rinks 1, 2, 6 & 7 for a Pennant Side). A coin toss will be used by the Managers to decide the side to commence the match (Law 5.2.2.2 allows the winner of the toss to start the play or tell the opposition to start the play).

Where more than one green is required, a Side will be play on those rinks which have been consecutively numbered for both greens.

9.3.2 Allocation of Rinks

If a Club for any reason, including inclement weather, has insufficient rinks available for the number of games scheduled to be played at home on a given day, it has to either find an alternative venue that is prepared to assist by making rinks available or to decide which of the home games are not going to be played resulting in a forfeit. In such a case the following will apply

- 9.3.3.1 Available greens at home are to be allocated to the home sides in order of seniority.
- 9.3.3.2 Those sides which cannot be catered for at home can, in order of seniority, use an alternative venue.
- 9.3.3.3 It will always be the sides in the lower Divisions which may be transferred or miss out on a game.
- 9.3.3.4 In the event that a game is transferred to an alternative venue the mutual agreement of the opposing side is to be obtained as soon as possible and the MPBR Match Committee advised in writing.
If agreement can't be reached between the clubs it will be referred to the MPBR Match Committee Chair for a resolution.
- 9.3.3.5 When a Club enters the competition with more Sides than can be catered for at home, the Club must nominate the Side(s) to use the alternative venue prior to the commencement of the pennant season.

9.4 Inclement Weather

9.4.1 The Greens Director - Responsibilities

9.4.1.1 For the purpose of this Rule each Club, upon whose green a match is to be played, will appoint a nominated deputy for its Greens Director who will be present to act in the event the Greens Director is absent.

9.4.1.2 If the MPBR Match Committee has not determined that play be cancelled, the Greens Director or the appointed Deputy will be the sole authority for determining

whether play can be commenced or the start time delayed for up to one hour **due to the conditions of the green** at the Greens Director's Club.

9.4.2 Inclement Weather - before play has begun

9.4.2.1 Should the weather forecast for a scheduled fixture be wet weather, lightning, excessive heat, excessive wind, dust, smoke or any other similar like weather condition that is likely to severely effect play, including the temperature being projected to be 35 degrees or over, an instruction may be issued from the MPBR Match Committee for an 'early start' for the whole of the competition, including any instruction for abandonment.

The instruction to start earlier, or for an abandonment, on Saturday will be broadcast by the MPBR to all MPBR clubs by 7.00pm on the last Thursday prior to the Saturday games.

The instruction to start earlier, or for an abandonment, on Tuesday (Midweek pennant) will be broadcast by the MPBR to all MPBR clubs by 7.00pm on the last Sunday prior to the Midweek games.

If an 'early start' is broadcast:

- the games for a Saturday match will start at 11.15am and trial ends (one in each direction) may commence at 11.00am.
- the games for a Midweek match will start at 9.45am and trial ends (one in each direction) may commence at 9.30am.

9.4.2.2 If a decision against play for the day or for a delayed commencement is reached before the arrival of the visiting Side or Sides, such decision will promptly be telephoned to the Club or Clubs concerned.

9.4.2.3 If due to inclement weather a match has not commenced one (1) hour after the scheduled start time the match will be abandoned. Each Side will share equally the maximum points available and no shots will be recorded.

9.4.3 Air Quality Ratings for Pennant

9.4.4.1. Hazardous rating

If the EPA Air Quality www.epa.vic.gov.au/EPAAirWatch Forecast for "the local area" on Tuesday 8:30am and Saturday at 10am is rated as **Hazardous**, then that Round of Pennant will be abandoned for both Midweek and Weekend competitions respectively.

This will be communicated to all clubs.

All points will be shared for all games.

9.4.4.2 Poor or Very Poor rating

If the EPA Air Quality www.epa.vic.gov.au/EPAAirWatch Forecast for "the local area" on Tuesday 8:30am and Saturday at 10am is rated as **Poor or Very Poor**, then the following will apply:

All clubs will be sent a notification of the Forecast with guidance on how to use the Conditions of Play to deal with Air Quality as it pertains to Inclement weather (other than heat)

All fines for walkovers due to air quality will be waived to ensure that clubs and players are not pressured into playing in unsafe conditions.

9.4.4 Inclement Weather - play for the day has commenced

9.4.4.1 If the actual dry bulb temperature recorded at the venue club's TMD (Temperature Measuring Device) has reached 35 degrees Celsius then all Pennant matches in progress will be suspended until such time as the temperature falls back below 35 degrees Celsius.

9.4.4.2 The Side Managers of all divisions will make further reference to the Venue club's TMD every 20 minutes and if the temperature recorded is 35 degrees Celsius or above, all Pennant matches will stay suspended until such time as the temperature falls back below 35 degrees Celsius.

9.4.4.3 If after one (1) hr from the time of suspension of the game, the temperature has not dropped below 35 degrees Celsius the game will be abandoned. If abandoned, each Side will share equally the maximum points available and no shots will be recorded **unless the minimum number of ends has been reached** in accordance with Rule 7.6.2 'Minimum Number of Ends' of these Rules for Competition and a result must be declared.

9.4.4.4 If due to inclement weather one Side wishes to leave the green, but the other does not, neither Side can leave the vicinity of the green and the Umpire will be called to resolve the dispute.

9.4.4.5 If due to inclement weather play has been stopped because the Greens Director or the appointed deputy closes the green as unfit for play, it will not be resumed if the green remains closed, and **when the green is re-opened:**

- The Umpire on his own observation, or on appeal of the Side Managers, will decide whether or not to resume play, and
- If resumed, the provisions of Law 32.2, 32.3 and 32.4 will apply, along with Rule 10.5.6 of these Rules for Competition

9.4.4.6 If due to inclement weather a match in progress has been suspended by the MPBR, by the Umpire on his own observation, or on appeal of the Side Managers to the Umpire, and the match has not resumed within one (1) hour after the time of the suspension the match will be abandoned. Each Side will share equally the maximum points available and no shots will be recorded **unless the minimum number of ends has been reached** in accordance with Rule 7.6.2 and a result must be declared.

9.5 Late completion of games

9.5.1 If the match has progressed despite all delays but has not been completed before 4.00pm for a Midweek Match or 6.00pm for a Saturday Match, it will then be abandoned. Each Side will share equally the maximum points available and no shots will be recorded **unless the minimum number of ends has been reached** in accordance with Rule 7.6.2 and a result must be declared.

9.5.2 If play is in progress at 4.00pm for a Midweek Match or 6.00pm for a Saturday Match, it will be completed thereafter upon the interruption (as per Law 32) or the completion of any end or ends in play at 4.00pm for a Midweek Match or 6.00pm for a Saturday Match.

9.5.3 If a Sectional match in any Division is abandoned and the scores are such that one Side would win the match if all the remaining ends were played, that Side will be awarded the match with the scores as at the time of abandonment.

9.5.4 Every effort will be made regardless of time to complete a post-sectional (knockout) match but if such match is abandoned for the day it will be completed under such conditions as the MPBR Match Committee decides.

9.5.5 Calculating a Restart

If the last end can be started before 6.00pm for a Saturday fixture and 4.00pm for a Midweek fixture then the game may be completed regardless of the finishing time.

The Side Managers will consult to determine when play will restart for all ends to be completed by 6.00pm or 4.00pm as required.

1. Allocate an average of ten (10) minutes to complete an end.
2. Determine the number of ends still to be played by the slowest rink.
3. Multiply the ends left by 10 minutes = the amount of time left to play.

Example:

Assume play is stopped at 3.00pm and 13 ends are left still to play by the slowest rink.

Multiply 13 by 10 minutes per end = 130 mins = 2 hours 10 mins.

To complete the game by 6.00pm RESTART must commence by 3.50 pm. (Note: this is less than the one (1) hour maximum wait period after 3.00pm).

9.6 The Temperature Measuring Device (TMD)

The home team is responsible for the maintenance and placement of the TMD. If the expected temperature for the day is 30C or more the TMD shall be positioned as detailed below at least one hour prior to the scheduled time for commencement.

9.6.1 Side Managers in Pennant and Venue Managers for other events are responsible for reading the TMD. If there is a dispute over the reading, the Umpire's reading shall be taken as the measurement and considered a matter of fact and shall not be subject to any challenge. If more than one Division of Pennant is playing at the venue, then each of the Side Managers shall be responsible for their own divisions for taking a reading from the TMD.

9.6.2 TMD Placement

Place the TMD approximately 1.2 metres above the ground/green level within a white coloured properly ventilated wooden enclosure which is freely exposed to the sun and wind. Desirably it should not be shielded by, or close to trees, buildings, fences, walls, or other obstructions, nor should it be close to areas of extensive areas of concrete, asphalt, rock or other surfaces which may reflect heat onto the enclosure.

9.6.3 Should there be a dispute, the umpire shall determine the location. Ensure that the sun's rays cannot reach the thermometer within the wooden enclosure. If necessary, to ensure maximum ventilation, rotate the enclosure during the day or, if not able to rotate the enclosure, rotate the thermometer within the enclosure.

9.6.4 Once the play for the day has started the TMD shall not be moved to another location, and shall remain stationary for the duration of the day's play.

9.7 Death of a Player

9.7.1 If a Sectional match has commenced and a participating player passes away all games in progress at the Club will be abandoned. Each Side will share equally the maximum points available and no shots will be recorded
unless

- the minimum number of ends has been reached in accordance with Rule 7.6.2 and a result must be declared.
- or
- the scores are such that one Side must win the match if all the remaining ends were played, in which case, the Side will be awarded the match with the scores as at the time of abandonment.

9.7.2 Post-Sectional (Finals) matches stopped because of a death of a participating player will be abandoned and re-started on the 'Reserve Day' allocated for Finals games, unless a result can be declared in accordance with Rule 9.7.1.

9.7.3 If Grand Final and Playoff matches are stopped because of a death of a participating player and the 'Reserve Days' have been expended, the matches will be resumed under such conditions as the MPBR Match Committee decides with the scores carried forward as they were when play was stopped.

9.8 Playing of Music

If music is played during a pennant game, it should not impact on the conduct of the game and be at a level acceptable to both Side Managers. In the event of a dispute the Umpire will decide on the action to be taken.

9.9 Single Sex and Restrictions on positions each sex may play

The MPBR in making decisions on single sex competitions and determining the positions each sex may play in, must ensure that they are in-line with equal opportunity requirements.

Rule 10 – RESULTS

10.1 Notification of results on day of play

- 10.1.1 Home and Away clubs are responsible for advising MPBR of the names of the players of matches using the BowlsLink Competition Portal online IT system.
- 10.1.2 Home Clubs are responsible for advising MPBR of the results of matches using the BowlsLink Competition Portal online IT system. Away Clubs are required to confirm the results.
- 10.1.3 For Saturday pennant fixtures, all results to be entered into BowlsLink before 7.00pm on the day of the completed game and for Midweek fixtures, before 5.00pm on the day of the completed game. For Night games, within one hour of the completion of the game.
- 10.1.4 A BowlsLink Form must be completed showing an ABANDONMENT with the intended player's names entered to enable players who have, or would have, played in the match to qualify for Finals.
- 10.1.5 A BowlsLink Form must be completed showing a BYE with the intended player's names entered to enable players who would have played in the match to qualify for Finals.
- 10.1.6 A BowlsLink Form must be completed showing a FORFEIT/WALKOVER with the intended player's names of the side receiving the forfeit/walkover entered to enable players who would have played in the match to qualify for Finals. The players names of the side giving the forfeit/walkover are not required because the forfeited match does not count for them as a qualifying game for the finals.

- 10.1.7 Failure to properly notify the names of players and results on the prescribed BowlsLink forms and by the required time, will be deemed to be an infringement and fines can be applied.

10.2 Alterations

No correction to a completed BowlsLink form will be permitted unless agreed to in writing by both Clubs and is lodged with the MPBR within 14 days of the match being completed, or such longer period as the MPBR Match Committee allows, and failing such agreement the matter will be determined by the MPBR.

Rule 11 - CONDITION OF GREEN

- 11.1 If a green of a Club after inspection by the BV or MPBR Greens Committee in the normal course of its duties or following a complaint from an opposing side is deemed unfit for the playing of Pennant or State Event matches:

11.1.1 the MPBR Match Committee can direct the Club to make arrangements to play their remaining Pennant or State Event matches on another Club's green and if arrangements are not made:

11.1.1.1 order the forfeiture by such Club of all Pennant matches scheduled to be played on its green, and

11.1.1.2 withdraw approval to that Club for the conduct of any Open Tournaments for the remainder of that season.

11.1.2 the Club concerned will, after notice from the MPBR or Chief Executive of BV, take such steps as the MPBR Greens Committee considers necessary to bring the green to a reasonable standard and if, following such action, the Committee subsequently certifies that the green has become fit for competition play it can authorise return to normal pennant play on the Club's green and reinstate approval for any Open Tournaments previously scheduled for that part of the season remaining.

- 11.2 If a green is deemed unfit for Pennant play by the MPBR Greens Committee (at the time of closing of Pennant entries) in the following season the MPBR Match Committee can refuse to accept entries for the Pennant Competition from that Club.

- 11.3 BV recommended speed for greens for the conduct of Pennant or State Events is between thirteen (13) and seventeen (17) seconds. Any greens used for Pennant that are found to be **repeatedly** outside these tolerances must be reported to the MPBR so that the MPBR Greens Committee can investigate the situation.

SECTION 5 OPEN EVENTS

Note: The following Rules are extracts taken from the Bowls Victoria (BV) Rules for Competition 2016-17 which are written here for reference in the case where interpretation or additional knowledge is required by both officials and players.

Rule 14 - HANDICAP EVENTS

14.1 Proportional Competitions

- 14.1.1 The order of playing is modified after the first end in as much as the Player who had the nearest shot bowl will play first and not necessarily the Player with the higher score.
- 14.1.2 Points are awarded as follows:-
The bowl closest to the jack scores 4 points, the next one 3 points, the third 2 points and the fourth 1 point.
- 14.1.3 When two or more bowls are equidistant from the jack their total allotted points are divided equally between them.
- 14.1.4 The last end is not completed until all the bowls have been played and the points allotted, after which the Player with the greater aggregate will be the winner.
- 14.1.5 In the event of a tie, an additional end (or ends) will be played.
- 14.1.6 The number of points to be scored is optional.

14.2 Method of Drawing for Knockout Competition

- 14.2.1 Each competitor's name (in the case of Fours or Pairs the Skip's name) is written on a separate card or paper and placed in a suitable receptacle, and these will be drawn out one by one at random and copied on a list in the order in which they are drawn.
- 14.2.2 When the number of competitors is 4, 8, 16, 32, 64 or any higher power of 2, they will meet in pairs of players or teams in the order of the draw and play out to a winner.
- 14.2.3 When the number of competitors is not a power of 2, byes will be given in the first round only. The number of byes will be equal to the difference between the number of competitors and the next higher power of 2. The competitors to play in the first round will be those first drawn and the number of them will be the difference between the number of competitors and the number of byes. The byes, if even in number, will be placed as the names are drawn with half their number above those paired to play in the first round and half below; if uneven in number, there will be one more bye at the bottom than at the top. (Thus, for example, with 75 competitors, 128 minus 75 equals 53 byes and 75 minus 53 equals 22 competitors to play in the first round. The first 22 names drawn will be paired to play in the first round in the order drawn; the next 26 names drawn will be placed in the second round above those in the first round and the remaining 27 below them).

14.3 Handicaps

All MINUS handicaps MUST be played off in full before commencing to score in any match.

SECTION 6 APPENDICES

APPENDIX A

2020/21 Weekend and Midweek Pennant 3-a-side Competition

The Weekend 3-a-side pennant competition is to be held on a Saturday Morning (10:00am start, 9.45am trial ends) and includes 2 x seasons of competition (Spring Season and Summer Season) as outlined in the dates below consisting of 5 rounds plus semi-finals and grand final (7 weeks) Spring Nov x - Dec xx, Summer Feb x - Mar xx.

The competition is 15 ends each game and to be played with at least 6 teams in a 'local' division, ensuring minimal travel and as a more localized competition.

The two seasons allows for Clubs to market competitive bowling to barefoot and social bowlers entering the club in the busy pre and post-Christmas period.

By offering a shorter MPBR competition to be played in the second half of the Pennant season, the competition offers the option for club bowlers that are time poor, new to the sport, want to play more, want to play for a shorter duration or have the desire to play closer to home to participate.

MPBR will ask the clubs for team registrations separately for each of the two Seasons. There is no limit on the number of teams entering from one club.

If a player decides to take up a membership 'with playing rights' at the club they have represented in the Weekend 3-a-side pennant competition, the games played will count towards the finals 'player qualification' in a Saturday Pennant side.

Eligible players involved in the new Weekend Pennant 3-a-side competition have the option to play in the usual afternoon timeslot at 1:00pm instead of 10.00am.
