Instructions

This sheet will accommodate up to 64 entries in the first column.

When entries are between 17 and 32, use the second column for the first round.

To determine the number of BYES:

If entries are over 32, subtract number of entries from 64. eg. 40 entries - 24 byes.

If entries are less than 32, subtract from 32. eg. 25 entries - 7 byes.
