

Dear members,

I don't have much to report this month, as most of the action has revolved around the upcoming AGM. There were another few hurdles for Martin and Leigh to jump in our pursuit of new greens, hopefully now resolved. On the plus side, Martin, Leigh and Wayne Gullidge met with the Shire's Project Manager, David Collier and also KCL's On-site Manager, Chris Gibb. A satisfactory discussion took place and there appears to be no further hurdles.

During construction, we will only have one green available to play on. Different bowls formats will have to be used so that as many members as possible can participate. Please be extra considerate when talking to the Social Bowls Co-ordinators, as they will have an even more difficult job to do.

Regarding the AGM. I'm very disappointed that members have not put themselves forward to fill the substantial number of positions on the notice board that remain vacant. Please consider filling one of these roles. Nominations will be called for from the floor on Saturday. I'm hoping that hands will go up and we can fill the vacancies.

A reminder that the AGM is at 11.00am on Saturday, followed by the presentation of the club Championship awards. Please bring a plate to share for lunch. There will be club select Social Bowls in the afternoon, so don't forget to put your name down.

Regards

Susan Gullidge

Chair, Board of Management
